

TOPIC DESCRIPTIONS

Pain Management (1.5 SW/1.8 Nsg. Contact Hours)
Pain Management at the end of life requires more than “every 4 hour prn” dosing. Learn about medications, dosing schedules, and adjuvant therapies for the most appropriate treatment that contributes to the quality of life.

Hospice 101 (1 SW/1.2 Nsg.)
This presentation will review levels of care, benefit periods, reimbursement rates and how these impact clinical practice. Also included will be a review of the foundational regulations that guide hospice practice.

Companioning the Dying (1 SW/1.2 Nsg.)
As health care professionals, we have the unique opportunity to provide comfort to those living with a life limiting disease. This session will provide insights into what it truly means to companion the dying.

Skin Care (1 SW/1.2 Nsg.)
Learn the latest in skin care treatments. Become more confident in providing wound care.

What Every Hospice Nurse Ought to Know about Radiation Therapy (1 SW/1.2 Nsg.)
Learn the most common use of radiation therapy at end-of-life, side effects, and its overall impact to the quality of life for the hospice patient.

Symptom Management (1 SW/1.2 Nsg.)
Distressing symptoms at end of life can be managed to provide quality of life for those living with a terminal illness. This session will provide the participant with general guidelines for managing non-pain symptoms.
